

QUALITY MANAGEMENT

We have implemented an integrated quality, environmental, health and safety management system.

We have implemented an integrated quality, environmental, health and safety management system.

This enables us to form a relationship of trust with our customers and partners based on transparency. In this context, great importance is attached to the implementation of contracts, within deadlines and at the best possible cost.

We are certified to

- ISO 14001 ([environmental management](#))
- ISO 9001 (quality management)

- OHSAS 18001 (safety management)
- ISO 3834 (welding technology)
- ISO 31000 ([risk management](#))
- [Valais Excellence](#)
